# What Our Students Say

**ASHIRA NOWSHAD**

Hi all, I have completed the SAP training programme from Enbridg International Training Campus, recently. I am happy to say that Enbridg is a very good institution and they are doing a great job. At the beginning I was a little bit confused about the topic but the trainers made me comfortable and made my learning easy. Seriously that was an interesting experience with enbridg. Because all the classes were good and the facilities are so much comfortable and flexible. And after my studies I got placed with Exl, Infopark, kochi. Thanks Enbridg for their support and care

**HARIKRISHNAN A**

I recently completed my studies at Enbridg and I'm absolutely thrilled with my experience. The tutor was exceptional at their job, providing clear explanations and making even the most complex topics easy to understand. The flexibility in class timings allowed me to balance my studies with my other commitments seamlessly. They covered all the basics thoroughly, which laid a strong foundation for my learning journey

**BIJIL P JAMES**

I have completed my SAP training from Enbridg International Training Campus. I am happy to say that enbridg is a very good institution and they are doing a great job. At the beginning I was confused about the topic but the trainers made me comfortable and made my learning easy. The quality of the relationship that the mentors keep with the trainee is the key when you choose an institution for a professional course.
